

# Cyber >>> Safety Tips

## Never share your password to anyone.

Keep your passwords safe. Use a secure and reliable password manager.

## Practice safe browsing.

A single careless click can expose your sensitive information. Think before you click!

## Use a secure VPN connection.

A Virtual Private Network (VPN) will ensure your anonymity on the internet.

## Be careful of what you download.

Avoid downloading apps or software that look suspicious. It may result in malware.

## Be careful of what you post.

Remember: what you post on the internet will stay there forever.

**Stay safe online!**
